Bandalore District

By Commissioner of Police

Dated Camp Nelagunte

24th April 1901.

To,

The Assistant Secretary

to the Government of

Mysore.

in the Local Boards

Branch

Sir,

In his diary for the week ended Friday the 12th April 1901 the District Plague Officer wrote that he was glad to report that Plague was gradually subsiding in the district and that there was a very appreciable fall in the number of Cases reported during the past three weeks. I interrogated thereon of the

plague establishment might go, adding that I thought that it might thereupon the first Council directed that separate proposals might be sent thereunder I asked the District Plague Off. to do so soon. In reply he has remarked that time has not arrived to abolish the District Plague establishment. The Diary containing the above remarks is enclosed. In reference to this, I beg to forward this with a statement shewing the plague attacks and deaths in the District from the 1st to the 22nd / 23rd April 1901. It will be

Secn. from it that reports of
plague were received from
only 4 of the Ten Taluks
of the District viz Bangalore,
Hoskote Anekal and
Kankanhally. In the Bangalore
Taluk there were
two deaths on the 1st one
on the 2nd, 3 on the 6th, one
on the 9th and one on the 22nd
April 1901; in all 8 during
22 days. In the Hoskote
Taluk there were 7 deaths
on the 1st 10 on the 2nd 4
on the 7th and 8 on the 12th
in all 29 during 22 days.
In the Anekal Taluk
there were 2 deaths on the
1st 3 on the 3rd 4 on the 4th
8 on the 5th 3 on the 10th

1 on the 13th 54 on the 15th
1 on the 17th 1 on the 18th
2 on the 19th 2 on the 20th
6 on the 21st and 2 on the
22nd in all 39 in 22 days.
In the Hanthalli Taluk
there were 3 deaths on the
3rd, 1 on the 7th and one
on the 14th in all 5 in
22nd days It will be seen
from these figures that it
is only in the Anekal
Taluk that there have
been deaths somewhat
continuously, while in
Bangalore there has been
no death since the 9th in
Hosakote since the 12th
and in Hanthally since
the 14th.

1. Monthly allowance to the District Plague Officer Rs 50/-
2. Head Clerk Rs 40/-
3. Deputy Clerk Rs 20/-
4. Two peons on Rs 7/- each Rs 14/-

(30+10)

I am therefore of opinion that no separate plague establishment is necessary and that what little has to be done here and there occasionally may be done by the permanent district and Taluk establishments

2. I append in the margin the present Plague establishment in the District

I have the honour to be,
Sir
Your most obedient Servant
[illegible]
Deputy Commissioner
Bangalore District

Dam^s reported

Total No: of cases

reported last week. } 16.11.

Do. Do. for cur- } 16.13

rent week

The Deputy Com-

missioner has been

pleased to recommend

the abolition of the

Mulmul Bazar

Establishment as

I reported for-

merly also an

appreciable fall in

the number of

Of Plague cases reported during the previous 3 weeks. Plague is such an inscrutable disease that we cannot infer that it will entirely disappear the immediate future because there happens to be a fall in number of cases reported which is in a large measure due to the intensely hot and sunny days we have had. There is always a fluctuation the number of cases. I have known to fall 50 per cent one day and the next day jump to

over 50 per cent

As we still have plague in the Mo tract and two more village during the current week have been re-infected and as I have to personally disburse over Rs 11,000 in connection with rural Sanitation on account of Plague and the accounts relating connection therewith and other matters Connected with plague have to be written up. may I beg the Dy Commissioner to kindly recommend

It is true there are a few stray cases here & there - & it is also true that Rai Bahadur has to disburse the amounts due on acct of works of Sanitation done some years ago, the sum having been sanctioned by Govt recently. But there do not form sufficient ground (in my opinion) to contemn the whole of the Plague Establishment. The 1st plague cases on 4th & the 2nd plague cases on 7th each may be shown

I think & the holders of those
posts should send back & their
forms — Places, & the 2)
Clerk on 20th & the
Dist. Plague Offrs allowance
may perhaps be continued
for a month more, by
& the end of May 1901.
